Hinweise zum Flugplan/Using the Timetable

Dieser Flugplan enthält alle bis Redaktionsschluss gemeldeten Direktverbindungen im Passagier- und Cargo-Liniendienst von und nach Frankfurt. Alle angegebenen Zeiten sind Ortszeiten. Bei den abgedruckten Abflug- oder Ankunftszeiten handelt es sich um die geplanten Zeiten, zu denen ein Flugzeug die Abstellposition erreicht beziehungsweise verlässt. Um daraus die planmäßige Start- oder Landezeit zu ermitteln, muss jeweils die Rollzeit bei einer Landung abgezogen beziehungsweise bei einem Start hinzugezählt werden. Bei der Flugplanerstellung kommen hier sogenannte Standardrollzeiten zum Ansatz. In Frankfurt beträgt die Standardrollzeit für den Rollvorgang von der Landebahn zur Abstellposition 10 Minuten und für den Rollvorgang von der Abstellposition zur Startbahn 15 Minuten. Sollte das Flugzeug die Startbahn früher erreichen wird die Startfreigabe dennoch nicht vor 5 Uhr erteilt. Entsprechendes gilt für die Landungen. Alle Angaben nach bestem Wissen, aber ohne Gewähr. Abflugzeiten bitte vom Reisebüro bestätigen lassen.

Die Weitergabe der in diesem Flugplan veröffentlichten Daten an Dritte zur gewerblichen Nutzung ist nur mit ausdrücklicher Genehmigung der Fraport AG gestattet.

This timetable contains all direct scheduled passenger and cargo services from and to Frankfurt available when this timetable went to press. All times are local times. The departure and arrival times indicated in this timetable refer to the moment when the aircraft leaves or arrives at its parking position. In order to calculate the actual takeoff or landing time of an aircraft, the respective taxiing time has to be taken into account. The flight schedule is based on so-called standard taxiing time, i.e. the time required for arriving aircraft to taxi from the runway to the parking position and for departing aircraft to taxi from the parking position to the runway. At Frankfurt Airport, a standard taxiing time of 10 minutes has been established for arriving aircraft and a standard taxiing time of 15 minutes for departing aircraft. This means, for example, that an aircraft with a scheduled departure time of 0445hrs will not receive clearance for takeoff before 0500hrs, even if it reaches the runway prior to that time. The same applies to landing aircraft. Airlines reserve the right to make changes without prior notification. Care has been taken to ensure that all information in this file is correct, but Fraport cannot be held responsible for any errors. To confirm departure times please check with your travel agent.

It is forbidden to use the data published in this timetable for any commercial purpose, without prior written permission from Fraport AG.
