

Background

EU-Regulation No. 1107/2006 concerning the rights of disabled passengers and passengers with reduced mobility when travelling by air will be effective as of July 26, 2008. Due to this EU-Regulation the overall responsibility for assistance services at the airports will be transferred from the individual airlines to the airport operators. The regulation demands a uniform service level at all European airports.

At Frankfurt Airport, the owner and operator, Fraport AG, has assigned the company FraCareServices GmbH with the provision of the assistance services as of July 1, 2008. FraCareServices GmbH is a newly founded subsidiary established by both Fraport and Lufthansa AG. The assistance is free-of-charge for disabled passengers and passengers with reduced mobility.

How to apply for the Assistance

Should you require assistance at the airport, please notify:

- your airline or
- your travel agency
- at least 48 hours prior departure

This early notification, as required by the EU Regulation, serves the purpose of forwarding the information about your assistance needs to the service provider on time.

Please note, that for security and safety reasons direct booking with the service provider is not possible.

International and standardized service codes in civil aviation

Please inform your travel agent or airline when booking to which extent you need help. In civil aviation international and standardized service codes are used.

You may quote the service code you consider appropriate for yourself to your airline or your travel agent if you wish to do so.

- WCHR** Passenger can walk stairs but cannot walk longer distances
- WCHS** Passenger cannot walk stairs
- WCHC** Passenger cannot walk and cannot walk stairs
- BLND** Passenger is partially sighted or blind
- DEAF** Passenger is hard of hearing, deaf or deaf-mute
- DPNA** Passenger with intellectual or developmental disability needing assistance

On Departure Day

On the day of departure please make your way directly to the check-in-counter of your airline as usually or alternatively use one of the help points installed within the terminals.

Help points

The help points are dedicated spots within all terminal areas for passengers needing assistance. For assistance, please push the button to contact the assistance service provider. You can recognize the help points by the icon above.

Locations

Terminal 1

14 ct/min from German landlines; charges from mobile phones may vary.

E-mail: msz@bahn.de

Please use the notification form at www.bahn.de/handicap for advance notifications of boarding, interchange and de-boarding assistance. Early notification (at least one working day in advance) to the Mobility Service Centre is recommended so that the assistance can be arranged reliably by the Deutsche Bahn AG service staff.

Tips for picking up arriving passengers

Please inform the person picking you up as to where you want to meet and at what time. The agreed upon location should preferably be easy to find for the person picking you up. For that reason, we suggest to choose one of the designated meeting points in the terminals which are marked in the terminal maps.

Meeting Points

Terminal 1

– Arrivals hall B

Terminal 2

– Centrally in arrivals and departures D/E.
